

Rumor has It

Sarah

If you shut the door I'll understand but I really hope that you don't. I know there's nothing I can say that'll change....

Jeff

Then don't try. You know I never told you this before, but I was in a car accident when I was a kid, ten years old. And I uh, I smashed my head on the dash board and I cracked my skull, split it open from here to here, seventeen stiches. I never thought I would long for that moment again until now.

Sarah

It didn't mean anything.

Jeff

It meant something to me. Words mean something to me. Engaged means something to me. It doesn't mean maybe I'll get married. It doesn't mean let me see how I feel, I don't know I'm not sure. And certainly it doesn't mean I'm gonna go test the waters and see if there's someone else out there that I like better. It means that you've fallen in love with the person that you want to spend the rest of your life with and that you actual want to marry them.

Sarah

I do want to marry you. I'll marry you next month. I'll marry you this week. I'll walk out of this apartment right now and I will marry you.

Jeff

It doesn't work that way okay. You can't just walk in here and tell me that you can't live without me. What? What am I supposed to do Sarah? Am I supposed to make it all right for you? Well, I can't anymore.

Sarah

I don't want you too. I love you. And I didn't come over her to tell you that I can't live without you, I can live without you. I just don't want to.

Jeff

One condition. If we have a daughter, Boe Baros doesn't come within a 1000 miles of her.

Sarah

It ends with me.
