

Jackie Brown**Jackie**

Knock, knock.....Hey.

Max

Hey, you.

Jackie

I got your package. It was fun getting a half-a-million dollars in the mail.

Max

Less ten percent.

Jackie

Yeah, your fee. I had to figure that out, since there wasn't no note....Only this isn't a bail bond, Max.

Max

I hesitated taking that much.

Jackie

You worked for it.....if you're sure that's all you want.

Max

I'm sure.

Jackie

I'm leaving; I have my things in the car.
Why don't you walk out with me? I want
to show you something.....Come on Max.
I won't hurt you.....I saw Ray the other
day. Boy is he pissed he missed all the
excitement.

Max

What's he doing?

Jackie

He's on to a new thing. He's after a guy who
owns a gun shop he says is "woefully and
wantonly" selling assault rifles to minors. He
says he's gonna take him down if it's the last
thing he does.

Max

Did you tell him you were leaving?

Jackie

I told him I might.

Max

That's Ordell's.

Jackie

(looking at the car) They've confiscated all his other
stuff but this one's sorta left over. The registrations
in the glove box, the keys were under the seat.....
What's the matter? Haven't you ever borrowed
someone's car?

Max

Not after they're dead.

Jackie

I didn't use you, Max.

Max

I didn't say you did.

Jackie

I never lied to you.

Max

I know.

Jackie

We're partners.

Max

I'm forty years old. I can't blame anybody for anything I do.

Jackie

Do you blame yourself for helping me?

Max

No.

Jackie

I'd feel a whole lot better if you took some more money.

Max

You'll get over that.....Where are you going?

Jackie

Spain.

Max

Madrid or Barcelona?

Jackie

Start off in Madrid. Ever been there?

Max

No.

Jackie

I hear they don't eat dinner till midnight. Wanna go?

Max

Thanks, but you have a good time.

Jackie

Sure I can't twist your arm?

Max

Thank you for saying that, but no. My business.

Jackie

I thought you were tired of your business?

Max

I'm just tired in general.

Jackie

Are you scared of me?

Max

A little bit.

Jackie

Come over here.I'll send you a postcard, partner.
