

Due Date

Peter and Ethan cleaning up in the bathroom

Ethan:

You OK, Buddy?

Peter:

Don't call me that. Buddies have each other's backs when an assault takes place.

Ethan:

Peter, that man was handicapped.

Peter:

You call me Peter or Mr. Hyman I'll call you Mr. Chase. Unless, that was a fake ID too. Why you have a stage name is beyond me, you're not even really an actor.

Ethan:

What does that mean, "really an actor?" What is a "real actor?"

Peter:

A "real actor" is somebody who can really act.

Ethan:

Well, go ahead. Give me an action to do. Give me a scene.

Peter:

I'm not gonna give you a sc...Uh, no. I don't wanna do this.

Ethan:

You should!

Peter:

OK. I'm Julia Roberts, uh you have uh terminal cancer, we're engaged, break the news to me.

Ethan:

Julia Roberts, as you know we're engaged, I have terminal cancer.

Peter:

Awful.

Ethan:

What??

Peter:

Sorry. That's my feedback.

Ethan:

I thought that was really good.

Peter:

Nope. I'll give you one more shot. Uh...it's Superbowl Sunday....You're a coach with a spotty career. You're down 31 points. You bust into the

Peter (Cont.)
locker room and you fire the guys up. It's all or
nothing. ACTION!

Ethan:

That's stupid. That would never be in a movie.

Peter:

Ha. It's in a movie every two years. Every two
years.

Ethan:

OK guys. We need to get out there. Really need to
get going. Paul, what are you doing? You're
acting like a girl out there. What are you a girl
or somethin'? Jackson, come on, man. You gotta
get yourself together. This is...what are you a girl
or somethin'?

Peter:

Let's up the stakes. Your wife calls and she wants
a divorce.

Ethan:

The coach's wife?

Peter:

The coach you're playing. His wife calls, she
wants a divorce. Ring Ring...

Ethan:

Hello? Hey fellas, this gonna be a minute. It's
my wife. She wants a divorce. Hey sweetheart.

Ethan (Cont.)

What's that? No, don't...it's not a good time. Cuz,
I lost my dad, I don't want you to leave me right
now. I don't wanna be left alone. I miss him so
much. You can't do this.

(Exits)
